

QUOTES BY GLOBAL LEADERS ON CITIZENS' DUTIES

1. JOHN D. ROCKEFELLER

"Every right implies a responsibility; every opportunity an obligation; every possession a duty".

2. NELSEN MANDELA

1. "Education is the great engine of personal development. It is through education that the daughter of a peasant can become a doctor, that the son of a mineworker can become the head of the mine, that a child of farm workers can become the president of a great nation. It is what we make out of what we have, not what we are given, that separates one person from another".

2. "No one is born hating another person because of the color of his skin, or his background, or his religion. People must learn to hate, and if they can learn to hate, they can be taught to love, for love comes more naturally to the human heart than its opposite".

3. LEE KUAN YEW

"A nation is great not by its size alone, it is the will, the cohesion, the stamina, the discipline of its people and the quality of its leaders which ensure it an honourable place in history".

4. ALBERT EINSTEIN

"We owe a lot to the Indians who taught us how to count, without which no worthwhile scientific discoveries could not have been made".
